

THE MANDATE FOR THE IMPORTS OF BREEDING OVINE AND CAPRINE ANIMALS

Those who will import breeding ovine and caprine animals are obliged to comply and fulfill the following issues:

A. General Rules

- 1-**Breeding ovine and caprine animals can be imported from countries with which health certificate agreements are made and are approved by the Ministry. The list of eligible countries for import is available at the following address: (<https://www.tarimorman.gov.tr/Konular/Veteriner-Hizmetleri/Ihracat-Ithalat/Ithalat?Ziyaretcı=Ihracat-Ithalat>).
- 2-**Breeding ovine and caprine animals to be imported must comply with the health and technical criteria determined by the Ministry. Health certificates are available at the following address: (<https://www.tarimorman.gov.tr/Konular/Veteriner-Hizmetleri/Ihracat-Ithalat/Ithalat?Ziyaretcı=Ihracat-Ithalat>), and technical criteria are available at teknik kriterlerde, (<https://www.tarimorman.gov.tr/Konular/Hayvancılık/Ithalat-Ihracat/Kucukbas-Ithalat-Ihracat?Ziyaretcı=Ihracat-Ithalat>).
- 3-**Import permit for breeding cattle shall be given to real/legal persons purchasing the animals for their enterprises or sell to breeders.
- 4-** In the imports of breeding ovine and caprine animals, the imports of breeding male ovine and caprine animals shall be granted permit on condition that they are of the same breed with the 5% of the permitted number of female animals.
- 5-** In the imports of breeding ovine and caprine animals, application for each control certificate (import permit) shall be made for mininum 100 heads of animals for those who want to import animals on behalf of their own enterprise, and for mininum 500 heads of animals for those who want to import animals in order to sell to breeders. The enterprises where the animals will be brought shall have a minimum free capacity compatible with the number of animals to be imported.
- 6-** The validity period of the permit granted for import shall be 6 months and a single control certificate shall be issued for each import permit.
- 7-** Breeding ovine and caprine animals imported for sale cannot be sold to anyone else before the actual import activities and transactions are completed and registered in the Ministry registration system.
- 8-** The sale of breeding ovine and caprine animals imported to sell to breeders is carried out by the Provincial/District Directorate in accordance with the following conditions:

- a) The enterprise to which the sale will be made shall be registered in the Ministry's registration system and have an enterprise registration certificate.
- b) At least 25 heads of animals of the same breed shall be sold to an enterprise.
- c) The capacity of the enterprise to which the animals will be sold shall be compatible with the number of animals to be sold. A capacity report (Annex-6) showing this shall be obtained.
- d) The ear tag numbers of the animals sold shall be listed according to the enterprise and that list shall be signed by the buyer and the seller.
- e) A letter of commitment (Annex-5) shall be obtained from the owner of the enterprise that purchased the breeding ovine and caprine animals.
- f) The documents and information required in Article 8 of this section shall be submitted to the Provincial/District Directorate of Agriculture and Forestry where the importer enterprise is located.

B- The Documents Required for Application

- 1- Letter of Application** - The document signed and stamped by the real or legal persons applying for import or their substitutes authorized by a notary public for the relevant issue (Annex 1). The content of file and the attachments shall be indicated as attachment to the letter of application.
- 2- Proforma Invoice**- Its number, date; the number, type, breed, the situation as to whether they are pregnant or not, country of origin, country of loading and unit price of animals to be imported shall be included. The original copy or photocopy of the company stamped document with the name of the exporter company and the name and signature of its authorized person (for documents drawn up in languages other than Turkish, the original copy of the translated document which is translated by sworn translation office) shall be submitted. The information stated in the proforma invoice shall be the same with the information in the original invoice which will be submitted to the relevant customs during the registration of customs declaration form.
- 3- Control Certificate** - It is the document (1 original document) including the stamp of the importer /importer enterprise, the name of the authorized person and signed with wet signature or electronic signature and drawn up in accordance with the sample (Annex-2) which is published in the Communiqué on Import Control of Products that are Subject to the Inspection of the Ministry of Agriculture and Forestry.
- 4- Letter of Commitment** - Notarized original document signed by the owner/authority of the enterprise (included in Annex-3/Annex-4/Annex-5).
- 5- Authorized signatory list/declaration and letter of attorney** - Notarized circular of signature of the real or legal persons/original or photocopy of the declaration and letter of attorney.
- 6- Trade registry gazette** - Document for the establishment of the importer company (this document is not required for real persons).
- 7- Enterprise Registration Certificate** - A document approved by the Provincial/District Directorates of Agriculture and Forestry and received not more than 1 month before the application date.
- 8- Quarantine Facility and Enterprise Conformity Certificate** - A document approved by the Provincial / District Directorates of Agriculture and Forestry within the scope of the mandate published by the General Directorate of Food and Control and received not more than 1 month before the application date (Annex-7).
- 9- Enterprise Capacity Report** - A document issued by the Provincial/District Directorate of Agriculture and Forestry and received not more than 1 month before the application date (Annex-6).

- 10- Those who will import animals to sell to breeders shall be required to submit a photocopy of the service contract approved by the relevant vocational chamber, attesting that a full-time veterinarian is employed in their enterprises. This contract shall be registered in the Ministry's e-prescription system. This document shall not be required if the the owner of the enterprise or one of the partners is a veterinarian.
- 11- Revolving Fund Collection Voucher (the name/title of the importer, the country of import, the number and breed of breeding animals, proforma invoice date and number will be stated on the voucher) showing that the inspection certificate fee is deposited to the account with IBAN number TR 10 0001 2009 4160 0016 0000 34 at Ümitköy Branch of Halkbank or to the Central Revolving Fund Teller's Department at the Central Campus of the Ministry of Agriculture and Forestry.
- 12- The importer (person or company) shall apply to the General Directorate of Livestock with the above-mentioned documents. In addition, they shall prepare and send the control certificate using the Electronic Registration System for the Imports of Animals and Animal Products and complete the registration.

C-Selection Committee and Its Tasks

- 1- Importers shall apply to the the General Directorate of Livestock with a petition (Annex-8) for the assignment of the selection committee.
- 2- The selection committee shall consist of at least one veterinarian and one agricultural engineer (zootechnician). The assignment period and number of the selection committee shall be determined by the General Directorate, taking into account the number of animals to be selected and the selection conditions.
- 3- The daily allowance of the assigned selection committee for the duration of the assigment and for the time spent on travels shall be covered by the importer. Daily allowances for the duration of the assigment and for the time spent on travels shall be calculated on the basis of "the Decision on Daily Fee for Foreign Missions" and the table included in the Presidential Decree published in the Official Gazette. Payments shall be made through the Central Accounting Directorate.
- 4- Selection of breeding ovine and caprine animals to be imported shall be carried out in the exporting country according to the "Technical Criteria for the Imports of Breeding Ovine and Caprine Animals" published on the Ministry's website (<https://www.tarimorman.gov.tr/Konular/Hayvancilik/Ithalat-Ihracat/Kucukbas-Ithalat-Ihracat?Ziyaretcisi=Ihracat-Ithalat>).
- 5- The selection committee shall be assigned to select the number and breed of animals specified in the letter of approval for the mission. Upon the request of the importer, 20% additional (reserve) animals can be selected from the number specified in the mentioned letter.
- 6- During the selection of breeding animals originating from different countries in the country where the selection committee carries out the selection process, the committee may request information and documents necessary for the determination of origin. The exporter company shall be obliged to provide these requested information and documents.
- 7- Selection committees shall determine the phenotypic traits and ages of the animals during the selection of ovine and caprine animals. The selection shall be made among ovine and caprine animals that have a pedigree / breeding certificate drawn up by the competent authority of the country of origin or by authorized associations/cooperatives.
- 8- The selection committee shall complete and accurately draw up the information and documents requested in accordance with the format determined by the General Directorate during their mission, shall sign them with wet signature and send them to the General Directorate in the form of within 7 business days after returning to their country. In addition, the arranged and

signed minutes of the list shall be drawn up in excel and pdf format and sent to damazlikithalat@tarimorman.gov.tr. The proceedings for control certificate shall be initiated after the list is sent to the abovementioned address.

D- Obligations of the Importers/Breeders

- 1- The breeding animals to be imported shall not be loaded from the exporting country without issuing a control certificate, otherwise the importer shall be responsible for any problems that may occur.
- 2- Animals whose actual import procedures have been completed shall be registered in the Ministry's Animal Registration System.
- 3- The owners of enterprises first to purchase animals from those who import animals on behalf of their own enterprise or to sell to breeders, shall not sell their animals for a period of 2 (two) years, except for *force majeure*, as of the date they are registered in the Ministry Registration System (Türkvat). In case of transfer of the enterprise, the provision concerning the prohibition of the sale of animals for 2 (two) years stated in this item shall also be valid for the transferee of the enterprise.
- 4- Importers who import breeding animals for selling to breeders are obliged to keep them in their enterprise for 2 (two) years, except for *force majeure*, in cases where they cannot sell the animals they have imported.
- 5- Those who import animals on behalf of their own enterprise or for sale, and enterprise owners who purchase animals from these enterprises, shall immediately apply to the Provincial/District Directorate and have the status of the animals recorded by the official veterinarians in cases where breeding animals whose follow-up period continues die at the enterprise.
- 6- Those who import animals on behalf of their own enterprises or for sales purposes, and enterprise owners who purchase animals from these enterprises, shall have their reports approved by at least two veterinarians working in the provincial/district directorate, if they are going to have their animals slaughtered in cases where their breeding animals lose their breeding qualifications during the follow-up period.
- 7- The importer person or company shall upload the minutes concerning the list of selection committee to the Electronic Registration System for the Imports and Exports of Animals and Animal Products during the preliminary notification.
- 8- Before loading the animals to be imported, the importer shall provide the necessary measures for the control of ectoparasites on the animals in question.
- 9- The importer/breeder shall be obliged to provide documents and information requested by the General Directorate of Livestock.

E- Obligations of the Provincial/District Directorates of the Ministry

- 1- The Provincial/District Directorates shall monitor imported breeding animals for 2 years, at least once every 6 months periodically (January-June, July-December) as of the date of registration of those animals in the Ministry Registration System (Türkvat), and they shall record the data obtained as a result of the monitoring in the Information System for Imported Breeding Animals (DIHBIS), and keep the documents related to these records for at least 2 years.
- 2- The information and documents required in the article 8 of the Mandate under the General Rules heading shall be submitted to the Provincial/District Directorate of Agriculture and Forestry where the selling enterprise is located, and their approved copies shall be notified to the Provincial Directorate of Agriculture and Forestry located in the Province of the enterprise where the consignment comes from is located via the District Directorate.

- 3- The Provincial Directorate shall convey a copy of the control certificates and their annexes sent by the General Directorate of Livestock to the relevant District Directorate where the import activities and transactions are carried out.

F- Other Issues

- 1- Documents written in a foreign languages shall be submitted together with their translations translated by the sworn translation offices.
- 2- Applications shall be valid for 1 month from the date of application. Applications that are not completed within the deadline shall be considered as cancelled without any correspondence.
- 3- Files and attachments related to the import applied for shall not be returned to the applicant.
- 4- If fraudulency or irregularity is detected in the documents and information submitted in the activities and transactions carried out during the issuance of the control certificate, the importer's transactions shall be stopped.
- 5- Animals that are more than the number specified in the letter of approval for the mission of the selection committee or that do not have ear tag numbers in the minutes of the list shall not be allowed to enter the country.
- 6- Breeding animal import requests of species and breeds not included in this mandate shall be evaluated and resolved by the General Directorate.
- 7- The evaluation regarding the number of animals imported pursuant to this Mandate and to be distributed within the scope of projects to be carried out by the Ministry or other Public Institutions and Organizations (for research, social purposes, etc.) shall be made by the General Directorate.
- 8- Breeders who have 500 heads or more of breeding ovine and caprine animals in their enterprises may import male breeding animals corresponding to 5% of the number of female breeding animals in their herds for breeding and replacement purposes, and compatible with the composition of breeds.
- 9- Requests by the producer associations, breeder associations and cooperatives, whose establishment is permitted by the Ministry for the import of breeding male ovine and caprine animals to be distributed to their members, shall be evaluated by the General Directorate.
- 10- The minutes of list of the selection committee and the original copies of the approved documents pertaining to the animals shall accompany the consignment.
- 11- The procedures and transactions for applications that were carried out before the publication of this mandate shall continue without the need for a second procedure.
- 12- In cases where the previously published mandates on the imports of breeding ovine and caprine animals conflict with this mandate, the provisions of this mandate shall also be taken as basis.
- 13- The validity period of the control certificate shall be as long as the period specified in the Communiqué on the Inspection of the Imports of Products Subject to the Control of the Ministry

of Agriculture and Forestry of the relevant year (the Communiqué on Product Safety and Inspection).

- 14- The issues concerning the breed, number, etc. of the animals in the import permits given in the scope of this Mandate shall be determined by the General Directorate.
- 15- In the presentation of the activities within the scope of this Mandate, applications can be received electronically if the necessary infrastructure is provided, and information and documents submitted electronically by other institutions and organizations shall not be requested from the applicant.
- 16- This Mandate shall enter into force on the date of its publication.

G- Sanctions

- 1- The relevant provisions of Veterinary Services, Plant Health, Food and Feed Law No. 5996 shall apply to health, transport, identification, quarantine procedures regarding the import of breeding ovine and caprine animals to be carried out within the scope of this Mandate and other matters within the scope of the Law in question.
- 2- For those who violate the letter of commitment received within the scope of this Mandate, the provision in Article 13, item d of the “Decision on Technical Regulations Regime” (Decision no. 6038) published in the Official Gazette No. 31954 of 15 September 2022 shall be implemented by the relevant Provincial/District Directorates. It is stipulated in the provision that ***“In cases where the letter of commitment is received, TL equivalent of the 60% of FOB value for the export and the CIF value for the import of the product specified in the letter of commitment to be calculated on the basis of foreign exchange selling rate of the Central Bank of the Republic of Turkey on the date of notification to the relative entity by the Tax Office to which the company is affiliated, shall be collected and recorded as income to the budget within the framework of the provisions of the Law No. 6183 of 21 July 1953 on the Procedure for the Collection of Public Receivables in accordance with Article 3 of the Law No. 2976 of 2 February 1984 on the Regulation of International Trade”***. I hereby accept, declare and undertake in advance that I will make the required payment to the relevant Tax Office in accordance with the abovementioned provision.
